Typography

UNIVERSITY OF CENTRAL PUNJAB,LAHORE

Associate Degree in Computer Science
2019 – 2021

PROFESSIONAL EXPERIENCE

Slicon Systems Nov 2024 - Present

- Designed web and mobile application interfaces, translating initial concepts and product requirements into high-fidelity UI designs.
- Created wireframes, user flows, and interactive prototypes in Figma to communicate design solutions and support development.
- Collaborated with developers and cross-functional stakeholders to align interface designs with product requirements.
- Developed accessible and scalable design systems to improve interface consistency across products.
- Redesigned existing product experiences to improve navigation, usability, and visual clarity.
- Managed multiple design projects while maintaining design quality and delivery timelines.

Avialdo Solutions Jan 2023 - Nov 2024

- Redesigned web and mobile application experiences to improve usability and simplify user interactions.
- Built and maintained design systems to establish consistent interface patterns across products.
- Applied accessibility principles to create more inclusive and usable digital experiences.
- Collaborated with cross-functional teams on product design and supported the onboarding of 100+ clients.
- Contributed to product branding and visual design to maintain a consistent experience across digital touchpoints.
